

My plan for saving the Earth

As a reader of *The Week Junior*, you may have ideas about how you and others can protect the planet from climate change (the long-term changes in weather patterns, including temperature, largely due to human activities). We invite you to use this form to write down your thoughts. You can do this for yourself or discuss the changes you'd like to make with your family and friends. We would also love to see your ideas and artwork! To share your thoughts and drawing with us, ask an adult to email your form to hello@theweekjunior.com. Extra forms can be found at theweekjunior.com/activities.

First name _____ Age _____ State _____

In honor of Earth Day, how will you pledge to help the planet?

Describe one easy step you could take in your daily life that would make a difference.

What is your hope for the Earth five years from now?

Draw a picture of what taking care of the Earth looks like to you.
